LIVE HOMEWORK HELP ONLINE TUTORING is a free, live online tutoring service for K-12 students, college students, and adult learners available 24/7. Students work with certified tutors on homework, essay writing and test prep in 20 subjects. Student and tutor use chat, interactive whiteboards and file-sharing in a secure online classroom. Sessions can be replayed, emailed and printed.

ProofPoint Real-Time Writing Center: Help with reports, essays, and writing projects, including resume help for the adult student.

SkillsCenter Resource Library: Worksheets, videos and links to standardized exams in all 50 states. Includes GED prep, resume writing, citizenship test prep and adult financial literacy resources.

How it Works: All users are required to obtain an individual password from their librarian, either in person, by phone, email or through their local library website. One password will be assigned per family. Students and tutors work together in an online classroom using controlled chat and an interactive white board. Students can send computer files, such as essays, to the tutor for review and assistance. They can also share educational websites.

Note: Tutor.com is closed on Thanksgiving Day, Christmas Day (December 25th), New Year's Day (January 1st), and Independence Day (July 4th).

A Safe Online Environment: In addition to passing rigorous subject matter tests, Tutors undergo a 7-year criminal background check and an educational background check before being hired. Tutors and students are prohibited from sharing any personal information. Live Homework Help sessions are completely anonymous, to protect safety and identity. All sessions are reviewed by Tutor.com for quality control.
