## About us

The Substance Abuse Counseling Center (SACC), Marine Corps Base Hawaii Kaneohe Bay is committed to providing quality service to eligible personnel through awareness, prevention, treatment, referrals, and transition programs that support units, individuals, and families to directly/indirectly sustain mission readiness for all Marine operating forces and tenant organizations located in the State of Hawaii.

Our vision is to support the recovery, restoration, and well-being of all clients, and to enhance the individual's quality of life and value to the Marine Corps, and to reduce or eliminate the symptoms and problems associated with substance abuse through person-centered services and individualized support.

## Answer the following questions to determine how substances have affected your life:

- Have you missed days of work/ school because of your use?
- Is your use affecting your reputation?
- Have you ever decided to stop using for a week or so, but only lasted a couple days?
- Has your use caused trouble at home/ work?
- Do you use to escape from worries/ trouble?
- Have you ever had a complete loss of memory as a result of your use?
- Have you had problems connected to your use during the past year?
- Have you ever felt guilt or remorse after using?

If you answered yes to any of the following, there is a definite warning that you may have a problem.

## Services include, but are not limited to:

- Evaluation for service eligibility
- Comprehensive screenings & assessments
- Referrals
- Prevention awareness
- Early intervention/ education
- Treatment coordination
- Case management
