****For the health and safety of each customer and employee the following procedures have been implemented:**

1. Bring your own underwater mask and snorkel. If you cannot bring your own, NSSA will provide them, but they prefer you bring your own if at all possible. New underwater masks tend to fog easily. 3. All passengers will be required to wear face coverings when not in the cage. NSSA captains, crew and other team members will also wear face coverings.
4. To comply with local social distancing requirements we are operating NSSA is operating at 50% capacity (10 passengers). In addition, any grouping aboard the vessel cannot exceed 5 people and any group of 5 must remain 6 feet apart. NSSA have seating in the rear, center and forward portions of the vessel which allows NSSA to accomplish this group limit and spacing. NSSA ask that all passengers follow these guidelines in the harbor while waiting for your tour to board the boat.
5. All high touched areas will be sanitized (railings, seats etc) before and after each tour. All of NSSA underwater masks will be soaked in bleach sanitization solution for at least 20 minutes in between uses.
6. NSSA will provide hand sanitizing stations throughout the vessel and at the check in kiosk.
7. NSSA captains and crew will take their temperatures before the start of each day and will be subject to COVID-19 testing when warranted.
