L.I.N.K.S.
Don't just
survive, thrive!

INFO | MENTORING | COMMUNITY

LEARN

It's no surprise that USMC life can be challenging. L.I.N.K.S. will prepare you to conquer whatever challenges come your way and fill you in on who to ask for help when you need it.

In a L.I.N.K.S. class you can expect to learn:

- History and traditions of the Marine Corps
- How to prepare for a move
- Tips to understand an LES and other mysteries of military pay and benefits
- Resources available on MCBH and USMC-wide
- How to equip you and your family to ride the waves of separation and deployment

PLAY

We utilize games, activities and experiences to help reinforce and share the information you need in a way that promotes retention. If you can't remember what you learned, it won't help you!

If you think we just talk at you for 6-8 hours, think again.

- All the games...
- Events for kids
- Events and activities like hiking, coffee crew, gardening
- All while making new friends

COMMUNITY

This lifestyle involves a lot of changes and sometimes the constant relocating, saying goodbyes and searching for a new normal can make building a community a real challenge. L.I.N.K.S. can help make these transitions and curveballs a little easier.

- Mentorship opportunities
- Events to meet new people
- Empowering information
- Build Confidence to help you spread your wings
- Where to go for specific needs

INVEST

The best way to feel a part of a new place or situation is to jump in! Invest in your community with L.I.N.K.S. by:

- Attending a class
- Getting involved
- Finding your tribe
- Getting to know your neighbors
- Helping plan an event in an area of special interest to you
- Mentoring
